### Electronic Enclosures & Consoles

[www.emcorenclosures.com](http://www.emcorenclosures.com)

Modular Equipment and Network Enclosures, Modular Consoles / Security Consoles, EMI/RFI Shielded, Bellcore Qualified Seismic Racks, DataCom Server Cabinets and Racks, and Wall Mount Racks

### GPS Time & Frequency

**JTime!**<sup>®</sup>

**MEINBERG** -usa.com

[www.meinberg-usa.com](http://www.meinberg-usa.com)

IEEE1588 PTP GPS Synchronized Grandmaster & PTP Ordinary Clocks / PCI & PCI-Express Slot Cards / GPS & GLONASS Synchronized Time and Frequency Receivers / Fiber Optic Converters / GPS Signal Distribution / Analog/Digital Network Time Displays

### Sensors

[www.lionprecision.com](http://www.lionprecision.com)

Industry Leader in High Performance Non-Contact Measurement and Sensing / Capacitive and Eddy-Current Sensors for Position-Displacement-Vibration / Complete Measurement and Data Acquisitions Systems.

[www.jewellinstruments.com](http://www.jewellinstruments.com)

Full line of Sensors. Tilt, Motion; Accelerometers (MEMS); Forced Balanced Inclinometers (MEMS); Digital Inclinometers

### Telemetry

[www.semco.com](http://www.semco.com)

Receivers, Simulators, RF Multi Couplers, Down-Converters, Automated Telemetry Test Systems

### Chambers

[www.etsolution.com.cn](http://www.etsolution.com.cn)

Climatic Test Chambers, Compact Ultra Low Temperature Chamber, High Temperature Test Chambers

### Power

[www.regatron.com](http://www.regatron.com)

Primary switched, modular, unidirectional DC power supplies. Two Quadrant high power, modular, bidirectional (source & sink), regenerative, modular DC power sources. High power, modular, regenerative DC Electronic Loads. 3-in-1 high power, 30kVA to 1000kVA full 4 Quadrant, bidirectional (source & sink), regenerative AC Grid Simulator, regenerative AC voltage amplifier & 3-phase regenerative AC Electronic load

### Test & Measurement

**DEWESoft**<sup>®</sup>

[www.dewesoft.com](http://www.dewesoft.com)

24bit High Speed Data Acquisition – Any Sensor, Any Application, USB, Ethernet, or Standalone. DEWESoft X2 software – Measure, Process, Analyze, Control.

[www.reachtest.com](http://www.reachtest.com)

Specializing in the development and manufacture of data acquisition, monitoring, analysis and test equipment for telemetry and instrumentation applications. Provides design, integration and test services for turnkey systems and integrates products into third party subsystems.

[www.spirent.com/solutions](http://www.spirent.com/solutions)

Spirent is the leading global provider of testing, assurance, analytics, and security solutions. From physical and virtual networks and data centers to mobile communications and connected vehicles, Spirent helps the world communicate and collaborate faster, better, and more securely.

Trust in every measure

[www.transcat.com](http://www.transcat.com)

Transcat offers a unique approach to our position as a leading distributor of test, measurement and controls instruments by supporting inventoried lines with the ability to calibrate and test instruments at the point of sale while offering repair and rental services for these products.

### RF / Microwave

[www.cpcamps.com](http://www.cpcamps.com)

Broadband High Power RF Amplifiers, operating from 0.1MHz to Beyond 2GHz with power levels (pulsed and CW) from 30W to greater than 20kW. Supplementary products include combiners, dividers and couplers.
